Objective

A job opportunity that will allow me to develop my skills and abilities in the field of Computer Science.

Work Experience

Volunteer at front desk tech support position in CAT (Computer Action Team) at PSU from September 2022 to June 2023.

Education

2021-09 – 06-2024: Bachelor of Science in Computer Science

Portland State University - Portland, OR

GPA: 3.52

Projects

- With a team, build Virtual Field Environments (VFEs) for Elementary and High School Science education. VFEs are a series of 360° panoramic images that are loaded with “hotspots” that bring up various types of A/V media.
- With a team, build ChocAn, a third-party program, that connects the patients and the doctors with several services.

Selected Computer Science Courses and Concepts

Intro to Database Management Systems

Study fundamental concepts of database management systems using primarily the relational model.

Network Security

Study various forms of network attacks and basic techniques in applied cryptography.

Technical Skills

- Programming Language: C++, C, Python, Typescript, SQL, JavaScript.
- Excellent with React.
